## How to Download on an Android:

**1**) Visit the Google Play Store and download the free Voice audiobook player.

2) Purchase the talk via the Association website. From the website Purchase Confirmation page or confirmation email, click the **MP3** download option. The audiobook will then download into the "download" folder on your phone. (TIP: Be sure to connect to high-speed WiFi to speed the process and prevent over-use of cell phone data.)

**3**) Once the file has downloaded, open the Voice app and follow the instructions to add an audiobook:

• Click on the "add new" symbol in the red circle.

• Click on "single book."

• Click on "Download" folder to find the title of the talk.

• Click on the title, and it will be added to Voice.

• Click the X on the upper left corner of the next screen.

• You should now see the book in the app and be able to use the Voice app to listen, find chapters, skip ahead, pause, and resume where you left off.
